

Livin

Lyrics by Brady Cudmore, Leah Goignat, Alex Mitko, and Michael Weidman

Here we are just sitting here
With so many options oh so near
The world keeps spinning round and round
Your choices won't bring you down
Don't keep watching your life go by
Take a stand and make it right
Let me show you how great you are
Because deep within, you're a star

Well, livin, livin, livin
It's a good life to chase
Livin, livin, livin
Gotta keep up the pace
Livin, livin, livin
Don't let your life be a waste
I'm on top of the world

Here we are just sitting here
With so many options oh so near
The world keeps spinning round and round
Your choices won't bring you down

Well, livin, livin, livin
It's a good life to chase
Livin, livin, livin
Gotta keep up the pace
Livin, livin, livin
Don't let your life be a waste
I'm on top of the world

Do you know what the future holds
If you don't, hear what's been told
Your life will darken and the clouds will roll
Live, learn, and share, make your life whole

Well, livin, livin, livin
It's a good life to chase
Livin, livin, livin
Gotta keep up the pace
Livin, livin, livin
Don't let your life be a waste
I'm on top of the world

Well, livin, livin, livin
It's a good life to chase
Livin, livin, livin
Gotta keep up the pace
Livin, livin, livin
Don't let your life be a waste
I'm on top of the world

Well, livin, livin, livin
It's a good life to chase
Livin, livin, livin
Gotta keep up the pace
Livin, livin, livin
Don't let your life be a waste
I'm on top of the world
